PROFILE

Second-year Electronics & Telecommunication Engineering student at SSGMCE Shegaon with a strong interest in taking on the role of T&P Coordinator. Combines active involvement in college leadership bodies (class representative, IEEE, FABLAB, CDESC) with hands-on project, workshop, and internship experience. Known for reliable coordination, clear communication, and a proactive approach to connecting students with opportunities — well-suited to liaising between students, faculty, and recruiters for a smooth and effective placement process.

KEY SKILLS

Management • Communication • Teamwork • Leadership • Competitive Programming (CP) • Event Coordination • Public Speaking • Problem Solving

ROLES & RESPONSIBILITIES

- Class Representative (CR) — EXTC Class, Unit 1
- IEEE Member and Executive Member, Communication Society
- Joint Secretary, CDESC Committee
- Member, SSGMCE FABLAB

EDUCATION

B.E. — Electronics & Telecommunication Engineering (Pursuing, 2nd Year) | Shri Sant Gajanan Maharaj College of Engineering (SSGMCE), Shegaon

HSC (12th) — 2024, 83% | Khamgaon, Maharashtra

SSC (10th) — 2022, 90% | Khamgaon, Maharashtra

INTERSHIPS

AI & Machine Learning (AIML) Internship | Provided by SSGMCE

Arduino & Embedded Systems Design | MDB Electrosoft

PROJECTS

Automatic Braking System

- Designed and built an automatic braking system as part of academic project work.
- Represented the project at Navonmesh, a national-level project exhibition/competition.

Water Level Detector

- Developed a working prototype to detect and indicate water levels using sensor-based circuitry.

COMPETITIONS & ACHIEVEMENTS

- Navonmesh — National-level project exhibition, presented Automatic Braking System

- Debate Competition on Artificial Intelligence — secured 3rd Rank

FABLAB — COURSES & HANDS-ON WORK

- UI/UX Design — created a product landing page for a fictional energy drink brand, “Prime”
- Autodesk Fusion 360 — designed and modeled a wall clock for FABLAB
- 3D Printing — practical training on additive manufacturing
- Laser Cutting — used to fabricate the wall clock design
- Java Programming — foundational coding course

WORKSHOPS

- Design, Fabrication & Programming of an ESP8266 Microcontroller Board — conducted by SSGMCE
- Introduction to VLSI and its Applications

INDUSTRIAL / FIELD VISIT

Hindustan Unilever Limited (HUL), Khamgaon — the only HUL branch that supplies internationally; observed plant machinery and manufacturing processes.

ADDITIONAL COURSES

- NPTEL — “Yoga and Positive Philosophy for Managing Career and Life” — scored 79%
- 20-Day Yoga Protocol Training Program — HVPM, Amravati

SPORTS & CO-CURRICULAR ACTIVITIES

- National-Level Yogasana Competition — 7th Rank
- State-Level Yogasana Competition — 3rd Rank, Bronze Medal
- University-Level Yogasana Competition — 3rd Rank
